

ERRATUM NOTICE

2007 SYLLABUS FOR A/AS LEVEL DESIGN AND TECHNOLOGY (9705)

On page 4, under 'Description of Components', the second and third sentences should read as follows:

Section A will consist of **three** structured Core knowledge application questions from which candidates will answer one question.

Section B will contain **three** product analysis questions, based on the Core specification, from which candidates will be required to answer one question.
